

SOUTHERN PADDLERS – PACKAGE SPECIAL!!!

Glass Ski (XT or Elite) + Ski Cover + Carbon Paddle = \$3200

(inc delivery)

Fenn Surf Skis

Now available to test paddle – try the **Mako Elite**, or if after something a bit more stable, there is now a **Fenn Mako XT** in Hobart to test paddle. This boat is super stable and a very fast intermediate boat, only 5% slower than the Mako Elite but much more stable, and ideally suited to multi-sport races such as the Freycinet Lodge Challenge, and the Southern Paddlers downwind series.

Mako Elite– FENN

Length: 6.4m

Width: 42cm

Weight: 11kg carbon / 17kg glass

The **FENN Mako 6** is the updated version of the Millennium, considered to be the fastest ski you can buy. Those lucky enough to have paddled the Mako 6 consider it to be as fast but much more stable than its predecessor.

Mako XT – FENN

Length: 5.8m

Width: 48cm

Weight: 11kg carbon / 16.5kg glass

The **FENN Mako XT** is the perfect introductory ski for ocean racers & multi sport competitors. More stable than the standard lifesaving ski the XT also has a faster hull speed and comes with adjustable foot wells.

Features of both Mako Elite & XT :

- Ideal for open water catching swells
- Adjustable foot pedals to suit all paddlers
- Deep seat for greater stability
- Kayak shaped bow for cutting through the water
- No divider between the legs
